PRICE THREE CENTS

\$75,000 LOSS BY FIRE IN COUNTY BELOW '47 MARK

Fires throughout Adams county in 1948 involved a loss of approximately \$75,000, records of blazes throughout the past year show.

Unless some major catastrophe occurs today, the year will end with fire losses far below the "over \$500,000" total for 1947 when there were 26 major fires, including several very large ones in which damage ran above \$100,000.

The year 1948 saw 45 fires in which damage to the extent of more than \$50 was reported. There were more fires than that throughout the county, but the others were confined to chimneys, grass fires and the like in which the damage was negligible.

March Had Most Fires

The 1948 fire loss was also much lower than the 1946 figure. In that year losses totalled \$183,000 in 34 major fires.

As usual the summer months during 1948 were relatively free of any major fires. March with 11 fires, January with seven and December with eight fires were the top months for activity on the part of firemen. In 1947 the months with the most fires were February, with seven, and September, with six.

This year, throughout the county, there were seven major fires in January, three in February, 11 in March, four in April, four in May, none in June, one in July, two in August, five in September, two in October, five in November and eight — including seven which are not listed in the total of major fires — in December.

One death due to a fire occurred during the year. S/Sgt. Robert Petee died May 6 as a result of burns suffered when gas exploded in a cabin at the edge of Gettysburg.

Unusual Fires

Several families were made homeless by fires. The most unusual fire was that at the home of Charles Ray Keller and Clyde Weaver, near Hampton. The home burned at a loss of \$8,000 and the two families had to find other quarters. Keller was later arrested for arson and sentenced to from two to four years in jail.

Another unusual fire occurred last January when two prisoners from Brooklyn set fire to the Adams county jail. The blaze was extinguished without much damage.

One fire, in Littlestown, occurred when a man attempted to thaw out a frozen water pipe by using a blow torch, and set fire to the house. One blaze that could have been a disaster ended without much damage when a tradesman, seeing a fire in a brooder house, picked up a blazing stove and threw it out of the house. Lightning caused several fires and one fire occurred in a tree in the National cemetery — with the Gettysburg firemen called to extinguish the blaze.

There was only one recorded forest fire — near Arendtsville in the Narrows, during April.

Canadian Wins Tall Story Title

Burlington, Wis., Dec. 31 (P)—A narrative of a big blow in Alberta, Canada, today was designated the guestiest of all windy efforts in the annual contest of the Burlington Lions Club, Inc.

L. W. Tupper, of Patricia, Alberta, is the champion liar of the world for 1948 by reason of his tale of 2,000 post holes and a northwester. "Up here in Alberta we really have some wind storms," Tupper related. "Last summer a rancher had just finished digging 2,000 post holes, when along came a northwester, and blew every last one of those post holes out of the ground and out of the country. The rancher finally located them 125 miles away, but they were a total loss. After bouncing 125 miles cross-country, over cactus, they were so full of holes that they wouldn't hold dirt out any more."

Tupper's tall one took the championship of the United States for the first time since the club began competition in 1929.

Last year's liar supreme was John Hopler, of San Antonio, Texas, who related how Charley Skorpea knocked the eight ball from under a fly in an Oklahoma poolroom so fast that the fly fell on the table and broke its back.

Borough Files Lien For Pavement Cost

The borough of Gettysburg, through its solicitor, Attorney Eugene V. Bulleit, Friday filed with the county prothonotary a municipal claim against Mary C. Berger. The papers in the case disclose that Mrs. Berger was directed to repair a pavement at her property on Carlisle street, and when she failed to do so within 30 days, the borough laid the 116-foot sidewalk and curb at the property.

The claim lists the cost of the pavement and curb laying at \$351.50. Bulleit filed a lien for \$386.65, the actual cost plus ten per cent.

YOUNG COUPLE INJURED WHEN CARS COLLIDE

Two Gettysburg motorists were injured in a two-car accident at Gap, Lancaster county, Thursday afternoon.

Charles P. Oyler, 24, son of Mr. and Mrs. Carl E. Oyler, 414 York street, and Miss Jean Kuhn, 338 South Washington street, were treated at the scene by Dr. George B. Hershey, of Gap, and later were taken to St. Joseph's hospital, Lancaster, for further treatment.

Oyler received a laceration of the forehead. Miss Kuhn suffered a slight concussion, bruises of the right leg and a laceration of the right index finger.

Skidded Into Oyler Car

State Policeman Joseph Hartman, who investigated, said that a car operated by George H. Senn, 54 Philadelphia, was heading east behind a string of cars, and that when the cars in front slowed, Senn applied his brakes and his machine skidded into the path of the west-bound auto operated by Oyler.

Other occupants of the Senn auto were Mrs. Senn, 45, and Isadore Staples, 28, Germantown, all of whom were reported as uninjured.

The Oyler machine was towed to Gettysburg today.

1,700 Pounds Of Rat Poison Being Used

Adams county's millions of rats today were sicker than unwise New Year's eve celebrants will be Saturday.

On Thursday 1,700 pounds of rat poison were distributed to hundreds of farmers throughout the county and most set out the bait Thursday evening in a concentrated drive to rid the county of rats. Agricultural Extension Association officials, who backed the drive which was sponsored by the Senior Extension club, estimated that damage by rats in the county totals possibly \$1,000,000 per year. The 1,700 pounds of poison should take care of a fair percentage of the rat population, it was pointed out.

Ira Dummire, assistant county agent, asked all those cooperating in the drive to report on the number of dead rats found within the next few days so that an estimate can be made on the success of the drive.

Most Businesses To Mark Holiday

Adams county today prepared for a big night—bringing in the new year and a holiday Saturday, marking New Year's Day.

The young and old have innumerable opportunities for entertainment this evening, with the Recreation Association planning a dance for the younger element at the Hotel Annex from 9 until 12:15 o'clock, and with clubs and organizations of Gettysburg and in most towns in the county planning special dances and parties tonight.

A number of churches plan watch-night services.

Saturday the banks, court house, many stores, post office and similar establishments will be closed. The state liquor store closes at 6 p. m. today for the holiday.

Weather Forecast

USE OF JUVENILE COURT SHOWED INCREASE IN '48

Juvenile court cases increased in Adams county from 85 in 1947 to 113 in 1948 but court authorities pointed out that the increase did not mean a jump in crime, but rather in the extent to which the court is being used.

Eleven cases involved neglected children which helped swell the total of cases, and 34 of the cases involved motor vehicle violations. Sixteen of the juveniles were dismissed, bringing the total of actual cases involving delinquency down to 61.

Only nine of the delinquency cases involved second offenders, which court officials point out is the actual test of the delinquency problem. Juvenile court cases ranged all the way from larceny to disobedience.

16 Larceny Cases

The county's total of juvenile cases is larger than some similar sized counties due to the fact that motor vehicle cases involving drivers of juvenile age are brought before the juvenile court here. In some other counties they go before other officials.

Judge W. C. Sheely's report showed that the general offenses included such things as larceny, of which there were 16 cases; burglary, nine, and robbery, one. The list also shows nine cases under the title of "Halloween."

The Halloween charges were those brought against youngsters who went too far in their activities at that time—like a group that began by throwing corn, ran out of corn and began to throw stones. They came before the court to be straightened out on where fun stops and trouble begins.

Pattern Similar to '47

There were seven morals cases, five firearms cases, nine cases of disobedience, one case of malicious mischief. The cases in 1948 follow in general the same pattern as shown by the 1947 cases. In 1947 there were 11 larceny, three burglary, three morals, two firearms, five Halloween, four malicious mischief, and three truancy charges. There were 11 cases listed under "other charges" in 1948 and nine under that list in 1947.

One encouraging feature, it was pointed out, was the number of parents who brought their children before the juvenile court to seek its aid in helping their youngsters. There were 12 such cases in 1948 and 10 in 1947. The state police brought most of the cases before juvenile court, 64 in 1948 and 49 in 1947. Most of those cases were motor vehicle violations. Gettysburg police brought 11 juvenile cases before the court this year and 14 in 1947. Littlestown police, six this year, three last; New Oxford police one this year, none last year. East Berlin police, one this year, none last year. School authorities reported 11 cases this year and only two last year, individuals brought in three cases this year and four last. The game warden brought in two juveniles for game law violations this year.

Disposition of the cases showed three went to mental institutions, two to correctional institutions, two were returned to other counties, 23 were fined on motor vehicle cases, 12 had their drivers' licenses revoked, 60 were placed on probation, 16 cases dismissed and 15 were turned over to care of Child Welfare.

Artist's Conception Of 'Rocket Outpost'

This is an artist's conception of how proposed "rocket outpost," described in Defense Department's "earth satellite vehicle program," disclosed by Secretary James Forrestal, would appear in relation to the moon and earth. The program is exploring the possibility of stationing a rocket-propelled craft in the non-gravitational belt which, scientists calculate, exists about eight-tenths to nine-tenths of distance from earth to moon. At this point gravitational forces of the two bodies are neutralized. This drawing was made by John Carlton, Associated Press Staff artist.

Littlestown PROVIDE SPACE FOR NEW MAIL SERVICE TRUCK

Postmaster Clarence L. Schwartz appeared before the Littlestown borough council at its monthly meeting Tuesday evening in the office of the borough secretary and requested permission for an unloading zone in front of the post office. About January 15, he said, the Post Office department expects to adopt a highway mail service through Littlestown, and that the type of vehicle used will require considerable space, probably 30 feet. It will be impossible for this vehicle to enter the yard in the rear of the post office, he said. After discussion it was decided that by eliminating two parking meters in front of the post office, sufficient space would be provided for this purpose. The solicitor was instructed to prepare an amendment or ordinance designating the portion of East King street, in front of the post office as a restricted area. Marriage License Bureau Busy In '48; Divorces Drop

Love continued in good supply in Adams county during this year, the records at the court house show, with marriage licenses in brisk demand and a declining market noted in divorce business.

Two hundred and fifty-two applications for licenses had been chalked up for 1948 up to noon today, and it was possible that additional requests might be made before Mrs. Emma Sheffer, the clerk of courts, closes her office at 4 p. m. today.

While the course of true love led to the court house somewhat less frequently this year than in 1947, the demand was still far better than for the ten-year average. A great number of engagement announcements made over the past two weeks indicated that the marriage license industry would continue at full steam at least into the new year.

BULLETINS

(By The Associated Press)

Rain-swollen rivers went on a rampage today in the northeastern section of the United States. Scores of families in river valleys were evacuated, and train and highway traffic cut as normally placid rivers burst their banks and spread over a wide area of New England, New York and New Jersey. One death was reported in Massachusetts.

Nanking, Dec. 31 (P)—Generalissimo Chiang Kai-shek declared tonight his government was ready to discuss ending the war with the Chinese Communists—but set up conditions which appeared to rule out any possibility of such a settlement.

Batavia, Java, Dec. 31 (P)—The New Year is dawning in Indonesia without a formal proclamation, so far, of the end of hostilities between the Dutch and Indonesian Republicans. The Dutch representative in Paris Wednesday told the U.N. Security Council—which earlier had ordered a cease-fire—that hostilities would end not later than December 31 in Java, a few days later in Sumatra.

Washington, Dec. 31 (P)—Senator Vandenberg (R-Mich.) called the Senate into session at noon today for the last meeting of the GOP-controlled 80th Congress. Most of the Senate Democrats were absent, attending a party caucus, when the clerk began calling the roll.

Washington, Dec. 31 (P)—Senator McKellar (D-Tenn.) defeated Senator Tydings (D-Md.) 27 to 25 in a nip and tuck fight for the office of president pro tempore of the Senate. The vote was at a meeting of the 54 Democratic senators.

Tel Aviv, Dec. 31 (P)—An Israeli military spokesman disclosed today that the Jewish army's second Negev offensive had carried across partition lines into Arab parts of Palestine. The United Nations, by its partition decision last year, assigned part of the Negev to Israel, part to the Arabs.

PRICE OF SPUDS TAKES JUMP AT MARKET TODAY

The price of potatoes jumped from \$2 to \$2.50 a bushel on the Farmers' market, this morning, with a good demand for the "spuds."

There was a brisk demand also for ducks and chickens, with good supplies on hand to grace the New Year's day dinner tables. Ducks were 60 and 65 cents a pound; roasters 65 cents a pound, and fryers and capons, 70 cents a pound. There was little call for turkeys.

The demand for apples was off this morning, with prices remaining unchanged at from \$3.50 to \$4 a bushel, Staymans bringing the top figure. Customers made heavy inroads on the supplies of cakes and cookies, the latter selling mostly for 25 cents a dozen. Cakes were \$1 and up. Pies were 40 cents each.

There was little change shown in the price of eggs today, large whites bringing 68 and 70 cents a dozen. Pork was plentiful, but demand slow and prices unchanged. Tourist Finds Wife, Family In Virginia

Jacob Herr, of York, who "lost" his wife late Wednesday afternoon, located her finally on Thursday afternoon, after aid of state and borough police here had been enlisted. She was at Leesburg, Va., borough police said.

The Herrs started out Wednesday to drive to Florida. The husband told authorities here, Herr driving a small truck and house trailer and his wife piloting the family car, with their two children.

Herr passed his wife in Gettysburg, and then stopped on the Emmitsburg road to wait for her. The next he knew, she was in Virginia. He left to rejoin the other half of the caravan.

PLAN SERVICE IN RE-DECORATED CHURCH SUNDAY

Gettysburg Presbyterians will start their church year Sunday morning by worshipping in their re-decorated church auditorium for the first time and with their pastor-elect, the Rev. Clyde R. Brown, Blair Mills, Pa., in the pulpit for the first time since his election early this month.

The Rev. and Mrs. Brown expect to move into the manse on East High street next month—as soon as improvements there are completed. The pastor-elect will supply the local pulpit until he is formally installed on a date to be set by Carlisle Presbytery.

The improvements to the church auditorium were begun in mid-November by Roth Brothers of York who repainted the interior and re-finished the floors and pews. New lighting fixtures which are flush with the ceiling replace suspended chandeliers. New carpet remains to be placed.

Two-color Pews

The church walls have been painted a light gray green. The window frames and other trim have been made a light colonial gray with ceiling beams an oyster white. Woodwork that remains dark has been given a uniform walnut finish. End pieces of the pews are finished in walnut and the benches are colonial gray. Previously the entire pew had been walnut finish.

The Renovation committee, in a recent statement in a church bulletin, pointed out that the two-color finish on the pews is probably a return to a color scheme similar to that used in the church nearly a century ago. The Lincoln pew has been painted to conform with the other pews. An examination of earlier coats of paint on that pew and a check of church records pointed to the probability of a two-color pew when it was occupied by the Civil war President in 1863, the committee said.

A permanent honor roll and a cabinet for displaying an antique church Communion set will be placed in the auditorium later.

Two Couples Are Licensed To Wed

Marriage licenses have been issued at the court house to the following couples:

Amos Warfield King, son of Mr. and Mrs. Harry King, Littlestown R. 2, and Emma Margaret Keiser, daughter of Mr. and Mrs. John Keiser, Gettysburg R. 5.

Plan Huge Exhibit Of Farm Machinery

Harrisburg, Dec. 31 (P)—An estimated \$4,000,000 worth of the latest types of farm equipment will be on display at the 1949 Pennsylvania Farm Show.

Many firms already are moving their products into the four-acre exhibit hall in preparation for the four-day event, opening January 10. Many new features are incorporated into the models up for display to the thousands of sight-seers this year. Outstanding is the smaller size tractors, cut down in recent years to match the smaller sizes of farms in Pennsylvania.

NEW YORK MAN DIES OF AUTO CRASH INJURIES

Newman A. Vosbury, 40, of Payetteville, N. Y., critically injured in a crash of two automobiles six miles south of Gettysburg on the Emmitsburg road at 1:30 o'clock Thursday afternoon, died at 3:25 p. m. Thursday in the Warner hospital of a crushed chest, and shock.

Miss Catherine Keilholz, 24, of Taneytown R. 2, the driver of the other car involved in the accident, was held on a technical charge of involuntary manslaughter late Thursday afternoon.

Dr. C. G. Crist, Adams county coroner, announced today that an inquest will be held as soon as other persons injured in the accident are able to testify.

Driver Free On Bail
Miss Keilholz, who was treated at the hospital for lacerations of the head and a cut over the left eye, was taken before Justice of the Peace John H. Baschore at 6 o'clock Thursday evening, upon her discharge from the hospital, where the involuntary manslaughter charge was filed by state police of the Gettysburg subdivision. She furnished \$1,500 bail for a hearing scheduled to be held after the inquest, Squire Baschore said.

According to state police, the accident occurred about a half mile south of the Marsh creek bridge on the Emmitsburg road. Miss Keilholz, police said, was driving south and attempted to pass a truck in front of her going in the same direction. The Vosbury car came over the crest of a grade, going north toward Gettysburg.

State police said Vosbury pulled to his right in an attempt to avoid a collision, and Miss Keilholz pulled to her left, crashing head-on into the Vosbury car.

Four Others Hurt

Four other persons were injured in the accident and brought to the hospital here. Mrs. Vosbury, 40, wife of the driver of the New York state car, suffered head and leg bruises; a son, Newman Vosbury, Jr., 16, received a cut lip and another son, Dexter Vosbury, 11, received a fractured right arm. Lane Vosbury, a two-year-old son, escaped injury.

Verle Clifton Schumacher, 24, of Leesburg, Pa., who was riding in the Keilholz car, suffered cuts on his face and a fractured right kneecap, state police said.

Dr. Crist said Vosbury was pinned against the steering wheel of his car. Police estimated damage of \$400 to the Vosbury car, and \$300 to the Keilholz automobile.

Only Schumacher remained a patient in the hospital today.

COLD SNAP ENDS FLOOD THREAT

(By The Associated Press)
A sharp drop in temperature, with rain changing to light snow, removed any threat of floods in Pennsylvania today.

The Federal State Flood Forecasting service said at Harrisburg that most streams, swollen by two days of rain, would crest during the day and night, most of them within their banks. Some instances of small streams flooding were reported but that involved low-lying sections.

\$75,000 LOSS BY FIRE IN COUNTY BELOW '47 MARK

Fires throughout Adams county in 1948 involved a loss of approximately \$75,000, records of blazes throughout the past year show.

Unless some major catastrophe occurs today, the year will end with fire losses far below the "over \$500,000" total for 1947 when there were 26 major fires, including several very large ones in which damage ran above \$100,000.

The year 1948 saw 45 fires in which damage to the extent of more than \$50 was reported. There were more fires than that throughout the county, but the others were confined to chimneys, grass fires and the like in which the damage was negligible.

March Had Most Fires

The 1948 fire loss was also much lower than the 1946 figure. In that year losses totalled \$182,000 in 34 major fires.

As usual the summer months during 1948 were relatively free of any major fires. March with 11 fires, January with seven and December with eight fires were the top months for activity on the part of firemen. In 1947 the months with the most fires were February, with seven, and September, with six.

This year, throughout the county, there were seven major fires in January, three in February, 11 in March, four in April, four in May, none in June, one in July, two in August, five in September, two in October, five in November and eight — including seven which are not listed in the total of major fires — in December.

One death due to a fire occurred during the year. S/Sgt. Robert Petee died May 6 as a result of burns suffered when gas exploded in a cabin at the edge of Gettysburg.

Unusual Fires

Several families were made homeless by fires. The most unusual fire was that at the home of Charles Ray Keller and Clyde Weaver, near Hampton. The home burned at a loss of \$8,000 and the two families had to find other quarters. Keller was later arrested for arson and sentenced to from two to four years in jail.

Another unusual fire occurred last January when two prisoners from Brooklyn set fire to the Adams county jail. The blaze was extinguished without much damage.

One fire, in Littlestown, occurred when a man attempted to thaw out a frozen water pipe by using a blow torch, and set fire to the house. One blaze that could have been a disaster ended without much damage when a tradesman, seeing a fire in a brooder house, picked up a blazing stove and threw it out of the house. Lightning caused several fires and one fire occurred in a tree in the National cemetery — with the Gettysburg firemen called to extinguish the blaze.

There was only one recorded forest fire — near Arendtsville in the Narrows, during April.

Canadian Wins Tall Story Title

Burlington, Wis., Dec. 31 (AP)—A narrative of a big blow in Alberta, Canada, today was designated the gustiest of all windy efforts in the annual contest of the Burlington Liars Club, Inc.

L. W. Tupper, of Patricia, Alberta, is the champion liar of the world for 1948 by reason of his tale of 2,000 post holes and a northwester.

"Up here in Alberta we really have some wind storms," Tupper related. "Last summer a rancher had just finished digging 2,000 post holes, when along came a northwester, and blew every last one of those post holes out of the ground and out of the country. The rancher finally located them 125 miles away, but they were a total loss. After bouncing 125 miles cross-country, over cactus, they were so full of holes that they wouldn't hold dirt out any more."

Tupper's tall one took the championship out of the United States for the first time since the club began competition in 1929.

Last year's liar supreme was John Hopley, of San Antonio, Texas, who related how Charley Skorper knocked the eight ball from under a fly in an Oklahoma poolroom so fast that the fly fell on the table and broke its back.

Borough Files Lien For Pavement Cost

The borough of Gettysburg, through its solicitor, Attorney Eugene V. Bulleit, Friday filed with the county prothonotary a municipal claim against Mary C. Berger.

The papers in the case disclose that Mrs. Berger was directed to repair a pavement at her property on Carlisle street, and when she failed to do so within 30 days, the borough laid the 116-foot sidewalk and curb at the property.

The claim lists the cost of the pavement and curb laying at \$351.50. Bulleit filed a lien for \$386.65, the actual cost plus ten per cent.

YOUNG COUPLE INJURED WHEN CARS COLLIDE

Two Gettysburg motorists were injured in a two-car accident at Gap, Lancaster county, Thursday afternoon.

Charles P. Oyler, 24, son of Mr. and Mrs. Carl E. Oyler, 414 York street, and Miss Jean Kuhn, 338 South Washington street, were treated at the scene by Dr. George B. Hershey, of Gap, and later were taken to St. Joseph's hospital, Lancaster, for further treatment.

Oyler received a laceration of the forehead. Miss Kuhn suffered a slight concussion, bruises of the right leg and a laceration of the right index finger.

Skidded Into Oyler Car

State Policeman Joseph Hartman, who investigated, said that a car operated by George H. Senn, 54, Philadelphia, was heading east behind a string of cars, and that when the cars in front slowed, Senn applied his brakes and his machine skidded into the path of the west-bound auto operated by Oyler.

Other occupants of the Senn auto were Mrs. Senn, 45, and Isadore Staples, 28, Germantown, all of whom were reported as uninjured.

The Oyler machine was towed to Gettysburg today.

1,700 Pounds Of Rat Poison Being Used

Adams county's millions of rats today were sicker than unwise New Year's eve celebrants will be Saturday.

On Thursday 1,700 pounds of rat poison were distributed to hundreds of farmers throughout the county and most set out the bait Thursday evening in a concentrated drive to rid the county of rats. Agricultural Extension Association officials, who backed the drive which was sponsored by the Senior Extension club, estimated that damage by rats in the county totals possibly \$1,000,000 per year. The 1,700 pounds of poison should take care of a fair percentage of the rat population, it was pointed out.

Ira Dummire, assistant county agent, asked all those cooperating in the drive to report on the number of dead rats found within the next few days so that an estimate can be made on the success of the drive.

Most Businesses To Mark Holiday

Adams county today prepared for a big night—bringing in the new year and a holiday Saturday, marking New Year's Day.

The young and old have innumerable opportunities for entertainment this evening, with the Recreation Association planning a dance for the younger element at the Hotel Annex from 9 until 12:15 o'clock, and with clubs and organizations of Gettysburg and in most towns in the county planning special dances and parties tonight.

A number of churches plan watch-night services.

Saturday the banks, court house, many stores, post office and similar establishments will be closed. The state liquor store closes at 6 p. m. today for the holiday.

USE OF JUVENILE COURT SHOWED INCREASE IN '48

Juvenile court cases increased in Adams county from 85 in 1947 to 113 in 1948 but court authorities pointed out that the increase did not mean a jump in crime, but rather in the extent to which the court is being used.

Eleven cases involved neglected children which helped swell the total of cases, and 34 of the cases involved motor vehicle violations. Sixteen of the juveniles were dismissed, bringing the total of actual cases involving delinquency down to 61.

Only nine of the delinquency cases involved second offenders, which court officials point out is the actual test of the delinquency problem. Juvenile court cases ranged all the way from larceny to disobedience.

16 Larceny Cases

The county's total of juvenile cases is larger than some similar sized counties due to the fact that motor vehicle cases involving drivers of juvenile age are brought before the juvenile court here. In some other counties they go before other officials.

Judge W. C. Sheely's report showed that the general offenses included such things as larceny, of which there were 16 cases; burglary, nine, and robbery, one. The list also shows nine cases under the title of "Halloween."

The Halloween charges were those brought against youngsters who went too far in their activities at that time—like a group that began by throwing corn, ran out of corn and began to throw stones. They came before the court to be straightened out on where fun stops and trouble begins.

Pattern Similar to '47

There were seven morals cases, five firearms cases, nine cases of disobedience, one case of malicious mischief. The cases in 1948 follow in general the same pattern as shown by the 1947 cases. In 1947 there were 11 larceny, three burglary, three morals, two firearms, five Halloween, four forgery, seven disobedience, four malicious mischief and three truancy charges. There were 11 cases listed under "other charges" in 1948 and nine under that list in 1947.

One encouraging feature, it was pointed out, was the number of parents who brought their children before the juvenile court to seek its aid in helping their youngsters. There were 12 such cases in 1948 and 10 in 1947. The state police brought most of the cases before juvenile court, 64 in 1948 and 49 in 1947. Most of those cases were motor violations. Gettysburg police brought 11 juvenile cases before the court this year and 14 in 1947. Littlestown police, six this year, three last; New Oxford police one this year, none last year. East Berlin police, one this year, none last year. School authorities reported 11 cases this year and only two last year, individuals brought in three cases this year and four last. The game warden brought in two juveniles for game law violations this year.

Disposition of the cases showed three went to mental institutions, two to correctional institutions, two were returned to other counties, 23 were fined on motor vehicle cases, 12 had their drivers' licenses revoked, 60 were placed on probation, 16 cases dismissed and 15 were turned over to care of Child Welfare.

Artist's Conception Of 'Rocket Outpost'

This is an artist's conception of how proposed "rocket outpost," described in Defense Department's "earth satellite vehicle program," disclosed by Secretary James Forrestal, would appear in relation to the moon and earth. The program is exploring the possibility of stationing a rocket-propelled craft in the non-gravitational belt which, scientists calculate, exists about eight-tenths to nine-tenths of distance from earth to moon. At this point gravitational forces of the two bodies are neutralized. This drawing was made by John Carlton, Associated Press Staff artist.

Littlestown PROVIDE SPACE FOR NEW MAIL SERVICE TRUCK

Postmaster Clarence L. Schwartz appeared before the Littlestown borough council at its monthly meeting Tuesday evening in the office of the borough secretary and requested permission for an unloading zone in front of the post office. About January 15, he said, the Post Office department expects to adopt a highway Mail service through Littlestown, and that the type of vehicle used will require considerable space, probably 30 feet. It will be impossible for this vehicle to enter the yard in the rear of the post office, he said. After discussion it was decided that by eliminating two parking meters in front of the post office, sufficient space would be provided for this purpose. The solicitor was instructed to prepare an amendment or ordinance designating the portion of East King street, in front of the post office as a restricted area. The Light committee reported a (Please Turn To Page 8)

Marriage License Bureau Busy In '48; Divorces Drop

Love continued in good supply in Adams county during this year, the records at the court house show, with marriage licenses in brisk demand and a declining market noted in divorce business.

Two hundred and fifty-two applications for licenses had been chalked up for 1948 up to noon today, and it was possible that additional requests might be made before Mrs. Emma Sheffer, the clerk of courts, closes her office at 4 p. m. today.

While the course of true love led to the court house somewhat less frequently this year than in 1947, the demand was still far better than for the ten-year average. A great number of engagement announcements made over the past two weeks indicated that the marriage license industry would continue at full steam at least into the new year.

PRICE OF SPUDS TAKES JUMP AT MARKET TODAY

The price of potatoes jumped from \$2 to \$2.50 a bushel on the Farmers' market this morning, with a good demand for the "spuds."

There was a brisk demand also for ducks and chickens, with good supplies on hand to grace the New Year's day dinner tables. Ducks were 60 and 65 cents a pound; roasters 65 cents a pound, and fryers and capons, 70 cents a pound. There was little call for turkeys.

The demand for apples was off this morning, with prices remaining unchanged at from \$3.50 to \$4 a bushel, Staymans bringing the top figure. Customers made heavy inroads on the supplies of cakes and cookies, the latter selling mostly for 25 cents a dozen. Cakes were \$1 and up. Pies were 40 cents each.

There was little change shown in the price of eggs today, large whites bringing 68 and 70 cents a dozen. Pork was plentiful, but demand slow and prices unchanged. Loins were 90 cents a pound; roast ham, 70 cents a pound; scrapple, 25 cents a pound; sausage, 65 cents a pound; neck roast, 55 cents a pound; shoulder roast, 65 cents a pound; backbone, 50 cents a pound; ribs, 45 cents a pound; pudding, 50 cents a pound; liver, 28 cents a pound; and side-meat, 55 cents a pound.

Tourist Finds Wife, Family In Virginia

Jacob Herr, of York, who "lost" his wife late Wednesday afternoon, located her finally on Thursday afternoon, after aid of state and borough police here had been enlisted. She was at Leesburg, Va., borough police said.

The Herrs started out Wednesday to drive to Florida, the husband told authorities here, Herr driving a small truck and house trailer and his wife piloting the family car, with their two children.

Herr passed his wife in Gettysburg, and then stopped on the Emmitsburg road to wait for her. The next he knew, she was in Virginia. He left to rejoin the other half of the caravan.

PLAN SERVICE IN RE-DECORATED CHURCH SUNDAY

Gettysburg Presbyterians will start their church year Sunday morning by worshipping in their re-decorated church auditorium for the first time and with their pastor-elect, the Rev. Clyde R. Brown, Blairs Mills, Pa., in the pulpit for the first time since his election early this month.

The Rev. and Mrs. Brown expect to move into the manse on East High street next month—as soon as improvements there are completed. The pastor-elect will supply the local pulpit until he is formally installed on a date to be set by Carlisle Presbytery.

The improvements to the church auditorium were begun in mid-November by Roth Brothers of York who repainted the interior and refinished the floors and pews. New lighting fixtures which are flush with the ceiling replace suspended chandeliers. New carpet remains to be placed.

Two-color Pews

The church walls have been painted a light gray green. The window frames and other trim have been made a light colonial gray with ceiling beams an oyster white. Woodwork that remains dark has been given a uniform walnut finish. End pieces of the pews are finished in walnut and the benches are colonial gray. Previously the entire pew had been walnut finish.

The renovation committee, in a recent statement in a church bulletin, pointed out that the two-color finish on the pews is probably a return to a color scheme similar to that used in the church nearly a century ago. The Lincoln pew has been painted to conform with the other pews. An examination of earlier coats of paint on that pew and a check of church records pointed to the probability of a two-color pew when it was occupied by the Civil War President in 1863, the committee said.

A permanent honor roll and a cabinet for displaying an antique church Communion set will be placed in the auditorium later.

Plan Huge Exhibit Of Farm Machinery

Harrisburg, Dec. 31 (AP)—An estimated \$4,000,000 worth of the latest types of farm equipment will be on display at the 1949 Pennsylvania Farm Show.

Many firms already are moving their products into the four-acre exhibit hall in preparation for the four-day event, opening January 10. Many new features are incorporated into the models up for display to the thousands of sight-seers this year. Outstanding is the smaller size tractors, cut down in recent years to match the smaller sizes of farms in Pennsylvania.

NEW YORK MAN DIES OF AUTO CRASH INJURIES

Newman A. Vosbury, 40, of Fayetteville, N. Y., critically injured in a crash of two automobiles six miles south of Gettysburg on the Emmitsburg road at 1:30 o'clock Thursday afternoon, died at 3:25 p. m. Thursday in the Warner hospital of a crushed chest and shock.

Miss Catherine Keilholz, 24, of Taneytown R. 2, the driver of the other car involved in the accident, was held on a technical charge of involuntary manslaughter late Thursday afternoon.

Dr. C. G. Crist, Adams county coroner, announced today that an inquest will be held as soon as other persons injured in the accident are able to testify.

Driver Free On Bail

Miss Keilholz, who was treated at the hospital for lacerations of the head and a cut over the left eye, was taken before Justice of the Peace John H. Baschore at 6 o'clock Thursday evening, upon her discharge from the hospital, where the involuntary manslaughter charge was filed by state police of the Gettysburg station. She furnished \$1,500 bail for a hearing scheduled to be held after the inquest, Squire Baschore said.

According to state police, the accident occurred about a half mile south of the Marsh creek bridge on the Emmitsburg road. Miss Keilholz, police said, was driving south and attempted to pass a truck in front of her going in the same direction. The Vosbury car came over the crest of a grade, going north toward Gettysburg.

State police said Vosbury pulled to his right in an attempt to avoid a collision, and Miss Keilholz pulled to her left, crashing head-on into the Vosbury car.

Four Others Hurt

Four other persons were injured in the accident and brought to the hospital here. Mrs. Vosbury, 40, wife of the driver of the New York state car, suffered head and leg bruises; a son, Newman Vosbury, Jr., 16, received a cut lip and another son, Dexter Vosbury, 11, received a fractured right arm. Lane Vosbury, a two-year-old son, escaped injury.

Verle Clifton Schumacher, 24, of Leechburg, Pa., who was riding in the Keilholz car, suffered cuts on his face and a fractured right kneecap, state police said.

Dr. Crist said Vosbury was pinned against the steering wheel of his car. Police estimated damage of \$400 to the Vosbury car, and \$300 to the Keilholz automobile.

Only Schumacher remained a patient in the hospital today.

COLD SNAP ENDS FLOOD THREAT

(By The Associated Press)

A sharp drop in temperature, with rain changing to light snow, removed any threat of floods in Pennsylvania today.

The Federal-State Flood Forecasting service said at Harrisburg that most streams, swollen by two days of rain, would crest during the day and night, most of them within their banks. Some instances of small streams flooding were reported but involved low-lying sections.

An average 20 degree drop in temperature across the state changed the rain, first into sleet and then into snow. That covered many highways with a coating of ice, making driving conditions hazardous. The state Highway department put cinderling crews to work where needed.

The Susquehanna river, which rose rapidly yesterday, neared a crest far below flood stage throughout that huge watershed. In the Philadelphia area, streams started dropping back to normal. The rain stopped at daybreak after a total fall of two and a half inches since Wednesday.

The Weather Bureau reported a generally light snow across the state, with some winds.

request for a street light to be placed at the end of Monarch street. The secretary was instructed to take up the matter with the Metropolitan Edison company and report back at the next meeting.
Council was also informed that the time clock at the Alpha Fire house, which is used to control the turning on and off of the lights, was in need of repairs, and that the cost might exceed the cost of a new clock. It was then decided to purchase a new one.
To Repair Town Clock
Attention was also called to the fact that the town clock in the steeple of St. Paul's Lutheran church

was in need of repairs and it was decided to have the clock repaired.
The committee reported that plenty of bad conditions existed in the streets but due to the condition of the weather, nothing could be done at the present time. Numerous sidewalks, where sewer laterals were installed, were reported in need of repairs. When the weather permits repairs to be made, notices will be sent to the property owners.
Secretary Roger J. Keefer reported that the diaphragm on the chlorinator at the pumping station No. 1 had been out of order and that the same has been removed and returned to the factory for repairs. Meanwhile an emergency hook-up has been made for chlorinating the water.

King street, for household uses; to the borough school district, two drinking fountains one at each corner; one potato peeler and one sink, all of which are additional to present fixtures and are to be serviced by meter; E. street and 203 North Queen Street, Main repairs, \$2. each.
The collector paid C. P. Pohlenman submitted his collection on delinquent 1948 taxes in the amount of \$295.19. He also presented a list of taxables, which were deceased, incompetent, removals, errors, etc., for exoneration. The request was granted.
Bills were ordered paid as follows: borough fund account, \$1404.61; water fund account, \$923.63; parking meter fund, \$13.88; sanitary sewer fund, \$335.34; police pension fund, \$50.; total, \$2,727.66.
President Erwin A. Rebert presided over the meeting which was attended by Councilmen J. Edgar Yealy, Walter I. DeGroff, Edgar H. DeGroff, John N. Sell and LeRoy M. Wentz. Also in attendance were Charles R. Mehring, burgess, Leon H. Gage, chief of police, John H. Flickinger, treasurer; Luther G. Myers, disposal plant operator, Albert D. Crabbs, street commissioner; Clarence L. Schwartz, postmaster and Roger J. Keefer, secretary. MUMMERS ARE READY TO MARCH

Philadelphia, Dec. 31 (P)—Strutting males in fancy costumes and gaudy-painted golden slippers are ready for Philadelphia's annual mummery parade tomorrow.

The annual trek of eight miles up Broad street, a New Year's Day event which draws more than 1-2,000,000 spectators, will have 36 fancy and comic clubs and string bands.

Prize money of \$30,000 is given but the men — women aren't allowed to participate — claim it's the tradition which brings them out on the four hour march.

The mummery parade was first held on Broad street in 1901. It is reputed to have originated before the war between the states when convivial gentlemen went to the streets serenading well-to-do citizens who were expected to toss them coins for drinks.

King Momus is mythical ruler of the costumed clan. "Oh, Dem Golden Slippers" is its theme song. And the string bands which play the tune are credited with having brought the return of the banjo to modern dance music.

The weatherman promises a cloudy and cold day.

SEE GOOD YEAR AHEAD IN 1949

New York, Dec. 31 (P)—The average American is told that 1949 will be another good year, and the forecast seems sound.

The American consumer—and that describes most of us—may find 1949 more comfortable than the record boom year of 1948 closing tonight.

The business man is likely to have a few more worries in the new year, but the men and women who have been struggling with the high cost of living probably will find it easier to make their budgets work.

Underlying all this is the prospect that 1949 will see the return of the buyers' market in most lines. The man with a dollar will decide in a leisurely way where he will spend it, after shopping around for a price tag he likes.

The new year is likely to bring the end of all shortages of consumers' goods, including most automobiles. Low-cost housing, either to buy or rent, probably will remain in the hard-to-get class.

Incomes are likely to remain relatively high as prices dip. Merchants will have to work harder to get their share of the shoppers' money. "Normal" times, with a prosperous flavor, seem finally to be at hand.

SEE FIGHT ON RULES CHANGES

Washington, Dec. 31 (P)—A test of President Truman's influence on Capitol Hill is shaping up toward an explosive climax on the first day of the new Congress, January 3.

The issue is whether the House will clip the power of its rules committee to "bottleneck" legislation.

The committee's new chairman, Rep. Sabath (D-Ill.) announced plans aimed at sidestepping the combination of Republicans and Southern Democrats which in previous Democratic-controlled Congresses some times teamed up to defeat key administration measures.

Both southerners and GOP leaders greeted Sabath's statement with the promise of stiff opposition. Rep. Martin (R-Mass.), who turns the House speaker's gavel over to Rep. Rayburn (D-Tex.) Monday, signaled for a finish battle against the Democratic blueprint for trimming the rules committee powers. And Rep. Howard W. Smith (D-Va.), rules committee member, declared the plan "is undemocratic and would set up rule by a minority of the House."

PREDICTS LAYOFFS

Cleveland, Dec. 31 (P)—A senior vice president of the Chesapeake and Ohio railroad says the entire rail industry will experience layoffs next year. Ross Marshall, the official, said a slimmer business volume would affect both passenger and freight traffic. He made the statement Thursday as the C & O announced 3,000 additional employees would be laid off by the first of the year.

TAFT RALLIES GOP REGULARS

Washington, Dec. 31 (P)—Senator Taft of Ohio rallied regular Republican support today against an effort by 13 self-styled GOP "liberals" to oust him from Senate party leadership.

The rebels called in blunt terms for Taft's political head, and chose Senator Lodge of Massachusetts to oppose him.

Senator Ives of New York, as spokesman, said the group wants Lodge to replace Taft as chairman of the Senate GOP Policy committee because they feel that under the Ohioan their party "is in a state of almost suspended animation."

The showdown will come Monday at a caucus of all Republican Senators.

Ives said Lodge "reflects the moving forces of the Republican party—the more modern philosophy of the party."

Taft replied with a tart prediction of his own election "by a substantial majority of the Republican Senators."

Strategy Huddle Called By Truman

Washington, Dec. 31 (P)—President Truman called a strategy huddle with top lieutenants today to chart the course of the "new Deal" program he plans to lay before the 81st Congress Wednesday.

Foreign policy, which dominated Mr. Truman's news conference yesterday, was expected to weigh heavily in his discussions with four congressional leaders.

Invited to the White House talks were Vice-President Elect Barkley, who will preside over the new Senate, Rep. Rayburn (Tex.) slated to be House speaker, Senator Lucas (Ill.) due to become Senate majority leader, and Lucas' House counterpart, Rep. McCormick (Mass.). Barkley has just returned from a trip to Europe, and Mr. Truman was likely to want a first-hand report on his observations there.

But domestic matters appeared to be up for review as well. As a matter of fact the meeting would, in the president's own words, cover the waterfront.

There will be no meeting of the junior assembly at the Episcopal parish house today, it was announced today.

NOT TO MEET TODAY

Mr. and Mrs. Ernest C. Miller, Beecherstown, will quietly observe their 27th wedding anniversary on Monday.

GERMANY CAN'T HAVE FREE HAND IN RUHR AGAIN

By DEWITT MACKENZIE (AP Foreign Affairs Analyst)

There is an ominous sound in the deep-throated roar of protest from German political leaders over the Ruhr agreement of the Western Allies.

It is disconcertingly reminiscent of the situation after World War I. Then a bitter Germany—defeated physically but not in spirit—fought with set about preparing for World War II.

She wanted revenge—territorial expansion—Deutschland uber Alles. In a short score of years she had rearm herself, and she struck.

Keystone of Europe Economy

It was the Ruhr which enabled the Hitlerized Germans to embark on fresh aggression. That great industrial area, built across coal and iron fields, is the heart of the nation's war potential.

But the Ruhr is more than that. It is one of the keystones of European economy. The well-being of the whole continent depends heavily on the fuel and the steel products which pour out of the Ruhr when its mines and factories are working.

Small wonder then that the Ruhr should become a dangerous issue with many angles. Russia's cold war against the Western Allies having forced a division of Germany, the Ruhr lies wholly within the Western zone and so is under jurisdiction of America, Britain and France.

Two Main Problems

The Western powers have two main problems. They must get the Ruhr industries going full blast in order to speed the economic recovery of Europe, including Western Germany, under the Marshall Plan. At the same time they must prevent this potential arsenal from falling under control of Germans who might again try to make war. France—three times attacked by Germany in seventy years—has been insistent on fool-proof safeguards against Germany again becoming a military power.

After much argument, and a good deal of heartburning, it has been tentatively agreed to establish an international authority over the Ruhr. This comprises the United States, Britain, France, Belgium, The Netherlands and Luxembourg. The authority's task will be to supervise the industries and make sure that they don't stray from the paths of peace.

To Be Rehabilitated

As would be expected, Moscow has denounced the agreement, calling it a triumph of American reaction. The Soviet insists on having a voice in the control. Washington diplomatic quarters retort that Russia can have a voice—provided she ceases her cold war.

Under the program of the Western Allies, Western Germany will be rehabilitated and made prosperous again. It will be helped to develop a democratic government.

But never again can the Reich be allowed to acquire the military strength which would permit further aggression. It is going to take time and determination to drive that fact home.

GHS VARSITY IN 38-23 TRIUMPH OVER ALUMNI 5

Displaying their best form of the season, the Gettysburg high school cagers handed the Alumni quintet a 38-23 setback in their annual game Thursday evening on the high school court before a good sized crowd and thereby halted a three-game losing streak.

Throughout the first half the game was a close affair but in the second half the better condition of the high school lads began to tell and the Forney-men won going away.

The intense and sometimes bitter rivalry between the teams was lacking, much to the credit to both sides, and the game was cleanly played in contrast to many alumni games which sometimes wax rough.

Both teams played tight guarding games in the first period and little scoring resulted. The Alumni drew first blood on a short stab by Luther Sachs. Bill Eisenhart connected on a foul and Guy Donaldson netted a close heave to put high school ahead. Leonard Sites tied it up with a foul and then Eisenhart and Don Raffensperger matched goals. Eisenhart, Dick Heintzelman and Bill Bushman looped free tosses to make the score 7-6 at the end of the quarter with the high school lads in front.

Maroons Hike Lead
Bushman opened the second stanza with a one-hander and Joe Hess duplicated for the Alumni. Bruce Westerdaal's layup was followed by a long toss by Bushman. Heintzelman dribbled through for a goal and then Donaldson landed a short chuck to put the varsity ahead 15-10 at intermission.

Raffensperger landed a goal and foul to start the third round and then Bobby Sachs netted a twin-pointer for the schoolboys. Westerdaal and Heintzelman matched goals and then Coach Forney's lads started to pull away and held a 27-17 margin going into the final period. Westerdaal connected for three goals underneath the hoop early in the final period for the high school and soon substitutes were streaming from both benches, both the high school and Alumni using all of their squads.

Carlisle Here Tuesday
Westerdaal paced the winners with 13 tallies while Heintzelman accounted for nine to lead the old-timers.

The Maroons next meet Carlisle in the opening South Penn conference game on the high school floor Tuesday evening.

Hershey High Rebuilding For South Penn Campaign

Hershey, Dec. 31 — Always underrated and always hard to beat, the Hershey high school "Trojans" are certainly a dark-horse squad this season. Undoubtedly they won't show up as well as the basketball power houses, Waynesboro, Chambersburg, and Carlisle, but they are a fighting aggregation.

Having lost all but two men from last year's starting quintet, Coach Sterling Banta is faced with a rebuilding problem. Inexperience, combined with poor foul shooting, was the great factor in four non-conference tilts. After having downed Annville with ease, the Chocolate-town team met defeat at the hands of Palmyra, 26-23; Lebanon, 42-47; John Harris in an overtime battle, 39-34; and the Alumni, 46-38, last Tuesday evening.

In the latter game against their Alumni, the Trojans showed signs of overcoming one of their weaknesses, that of poor foul shooting. Still, Coach Banta has not found the combination that will start against the powerful Trojans of Chambersburg, January 4.

If any one person has stood out noticeably it has been center, Maurice Reichenbaugh. The rebound expert has made 15, 7, 24, 17, and 17 points respectively in the five games thus far for a total of 80 counters. Rich Hack, a sophomore starter last year, showed great promise but has not fared too well this season. Jack Lingle, another varsity man, has failed to gain a starting berth in the current season. Bill Long, unable to begin training with the rest of the squad, may find himself in the thick of the battle before very long.

Recruits from the '47-'48 junior varsity team have strengthened the squad. Donald Grider and John Reisinger, two of last year's under-studies, have started all of the games and have added a needed punch to Trojan play. Carl Crum may be that fifth man in the line-up throughout the coming season. Little Glenn Miller, the smallest man on the squad, is doing a big job when he gets a chance. Alden Gable has come a long way since the middle of last season when he joined the J.V.'s. It's unlikely that Fred Rice or Rich Kieffer will start but good subs are hard to find.

Eddie Utz Enters Invitation Meet

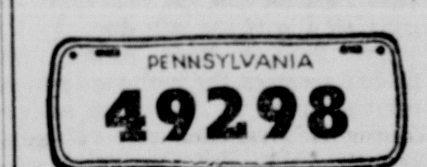

Eddie Utz, son of Mr. and Mrs. Edward Utz, star sprinter at Shippensburg State Teachers' college, is one of the track luminaries who has entered the fifth annual Inquirer Indoor Invitation track meet to be held at Convention Hall, Philadelphia, Friday evening, January 21.

Utz is scheduled for the 50-yard sprint. Utz has had few opportunities to test his speed indoors, but in the Southern conference invitation meet last winter at the University of North Carolina he was clocked on the flat — with unspiked shoes — in 0:06.4 as he ran second in the 60-yard dash.

Outdoors the Shippensburg speedster not only won the state title, but in the Middle Atlantic AAU championships at Harrisburg he lowered the 100-meter record to 10.5 seconds and thereby won his heat. To beat him in the final, Lancaster's Olympian Barney Ewell had to reduce the Middle Atlantic standard to 0:10.4.

Utz hopes to pick up at Convention Hall where he left off at Harrisburg last summer.

As we come to the close of another year this oldest and largest Real Estate organization in the world, has sold during 1948 more than \$300,000 worth of Adams County property.

The Gettysburg Associate has been with this organization for 27 years and has been in the sales column for the past 90 consecutive months, or seven and one-half years, without a miss with two to nine sales a month of Adams County property. This record was made possible only by the cooperation of those who entrusted their property in our hands for sale.

To each and every member of every family we have been privileged to serve, both purchasers and sellers, we extend wishes for their happiness and cheer this Holiday Season, and we extend greetings and best wishes to all Adams Countians for a prosperous 1949.

fight, fight.

The victory here last night gave Coach Ed Hickey's Billikens the Sugar Bowl championship to add to their national invitational title.

And on the basis of those two points over Kentucky's NCAA kings, The Bills might stake a claim to recognition as the country's outstanding college quintet of 1948.

Some 7,500 persons saw just the kind of game that could be expected from the two teams that dominated the year's collegiate picture.

There was a great duel at center between the Billikens' All-America Ed Macauley and the Wildcats' Alex Gorza.

There was a sensational windup with St. Louis, after trailing most of the game, taking the winning lead in the final minute.

And there was some stellar play by a couple of unheralded players that made the Billiken victory possible.

The preliminary game also was a thriller, with the Tulane Greenies edging the Holy Cross Crusaders 81-79.

Recruits from the 47-48 junior varsity team have strengthened the squad. Donald Grider and John Reisinger, two of last year's under-studies, have started all of the games and have added a needed punch to Trojan play. Carl Crum may be that fifth man in the line-up throughout the coming season. Little Glenn Miller, the smallest man on the squad, is doing a big job when he gets a chance. Alden Gable has come a long way since the middle of last season when he joined the J.V.'s. It's unlikely that Fred Rice or Rich Kieffer will start but good subs are hard to find.

As we come to the close of another year this oldest and largest Real Estate organization in the world, has sold during 1948 more than \$300,000 worth of Adams County property.

The Gettysburg Associate has been with this organization for 27 years and has been in the sales column for the past 90 consecutive months, or seven and one-half years, without a miss with two to nine sales a month of Adams County property. This record was made possible only by the cooperation of those who entrusted their property in our hands for sale.

To each and every member of every family we have been privileged to serve, both purchasers and sellers, we extend wishes for their happiness and cheer this Holiday Season, and we extend greetings and best wishes to all Adams Countians for a prosperous 1949.

fight, fight.

The victory here last night gave St. Louis, after trailing most of the game, taking the winning lead in the final minute.

And there was some stellar play by a couple of unheralded players that made the Buliken victory possible.

The preliminary game also was a thriller, with the Tulane Greenies edging the Holy Cross Crusaders 81-79.

There was a great duel at center between the Bulikens' All-America Ed Macauley and the Wildcats' Alex Gorza.

Today's Talk

By GEORGE MATTHEW ADAMS
RECREATING HOPE

A line from an inspiring little book I recently read keeps coming back to me. Here it is: "The power of maintaining life in others, lives within each of us, and from each of us does it recede when unused."

For 30 years these brief talks have been typed out on my small, silent machine. There has been formed an intimacy with this machine that I am unable to put into words. It's the audience beyond that has been addressed—you, the reader. And largely that these talks might bring hope, a little comfort, and perhaps increased faith. If they have merely done this, the personal reward shall have been sufficient.

To live triumphantly we must constantly be recreating hope and reinforcing our faith. It is by these that we are spiritually nourished and our physical wellbeing kept in a healthy state, as well. You recall the statement from the Bible that "man doth not live by bread only."

The physical body needs regular and constant fuel to keep it going. Constant nourishment is essential. Energy must be recreated. It's the same with this hope of ours. Every day it must be recreated and enlarged.

Many years ago, when a boy just out of college, I lived in Chicago, and used to love to go to the old Pacific Garden Mission—a famous institution at that time. It was there that the famous Billy Sunday was converted. And there it was that an inspiring leader and singer, Harry Monroe, brought many a man to the front, where a wonderful old lady, Mrs. Clarke, gave each man a Bible and a word of cheer. Thousands of lives were redeemed and new hope inspired in each. Always it was a wonderful spectacle.

I am no economist or political seer, but if the Marshall Plan or any other plan, can bring renewed hope to the peoples of the world, and help them to get on their feet again, I am for it. The world needs a new baptism of faith, and to learn that right makes might!

Tomorrow Mr. Adams will talk on the subject: "Gratitude."

Just Folks

LAST AND FIRST HOUR
Almost side by side they lie;
One to quit this troubled earth
With the old's final sigh,
One to pass the gate of birth.

When the bells of midnight ring,
Quietly the old will leave,
Then with joyous welcoming
All the new year will receive.

Birth and death! The weary old,
Finished all it came to do,
Scarce the bells a dirge have tolled
Ere they're ringing in the new.

At the instant, death and birth,
Worn and feeble, one to die;
One arriving on the earth!
Time forever passing by!

Memory selection: When the fullness of time came, God sent forth his Son, Gal. 4:4.

Starting with this lesson we begin a six months' chronological study of the life of Jesus Christ. The outlines are selected from the Gospels, principally from Mark and Luke. Luke's Gospel is accurate, finished in style and form and is the only account which records all of the seven great events in Jesus' life: His birth, baptism, temptation, transfiguration, death, resurrection and ascension.

Mark was the companion of Peter and was also associated with Luke in Rome for several years. His Gospel is very vivid and real. Both Matthew and John were companions of Jesus himself so give first-hand

'Good Samaritan' Pays Church Debt
Reading, Pa., Dec. 31 (AP)—The mortgage on the Bethany Lutheran church in West Reading is all paid off but church officials don't know where the money came from.

An anonymous Good Samaritan who last April contributed \$5,000 toward the reduction of the mortgage finished the job yesterday. He paid off the \$6,500 still due.

Rev. Paul J. Kidd, pastor, said he had received the mortgage papers marked "paid in full" from an attorney who said he was sworn to secrecy about the identity of the donor.

MUMMERS ARE READY TO MARCH

Philadelphia, Dec. 31 (P)—Strutting males in fancy costumes and gaudy-painted golden slippers are ready for Philadelphia's annual mummus parade tomorrow.

The annual trek of eight miles up Broad street, a New Year's Day event which draws more than 1,000,000 spectators, will have 36 fancy and comic clubs and string bands.

Prize money of \$30,000 is given but the men — women aren't allowed to participate — claim it's the tradition which brings them out on the four hour march.

The mummus parade was first held on Broad street in 1901. It is reputed to have originated before the war between the states when certain gentlemen went about the streets wearing well-to-do citizens who were expected to toss them coins for drinks.

King Memus is mythical ruler of the costumed clan. "Oh, Dem Golden Slippers" is its theme song. And the string bands which play the tune are credited with having brought the return of the banjo to modern dance music.

The weatherman promises a cloudy and cold day.

SEE GOOD YEAR AHEAD IN 1949

New York, Dec. 31 (P)—The average American is told that 1949 will be another good year, and the forecast seems sound.

The American consumer—and that describes most of us—may find 1949 more comfortable than the record boom year of 1948 closing tonight.

The business man is likely to have a few more worries in the new year, but the men and women who have been struggling with the high cost of living probably will find it easier to make their budgets work.

Underlying all this is the prospect that 1949 will see the return of the buyers' market in most lines. The man with a dollar will decide in a leisurely way where he will spend it, after shopping around for a price tag he likes.

The new year is likely to bring the end of all shortages of consumers' goods, including most automobiles. Low-cost housing, either to buy or rent, probably will remain in the hard-to-get class.

Incomes are likely to remain relatively high as prices dip. Merchants will have to work harder to get their share of the shoppers' money. "Normal" times, with a prosperous flavor, seem finally to be at hand.

SEE FIGHT ON RULES CHANGES

Washington, Dec. 31 (P)—A test of President Truman's influence on Capitol Hill is shaping up toward an explosive climax on the first day of the new Congress, January 3.

The issue is whether the House will clip the power of its rules committee to "bottleneck" legislation.

The committee's new chairman, Rep. Sabath (D-Ill.) announced plans aimed at sidestepping the combination of Republicans and Southern Democrats which in previous Democratic-controlled Congresses some times teamed up to defeat key administration measures.

Both senators and GOP leaders greeted Sabath's statement with the promise of stiff opposition. Rep. Martin (R-Mass.), who turns the House speaker's gavel over to Rep. Rayburn (D-Tex.) Monday, signalled for a finish battle against the Democratic blueprint for trimming the rules committee powers. And Rep. Howard W. Smith (D-Va.), rules committee member, declared the plan is undemocratic and would set up rule by a minority of the House.

PREDICTS LAYOFFS

Cleveland, Dec. 31 (P)—A senior vice president of the Chesapeake and Ohio railroad says the entire rail industry will experience layoffs next year. Ross Marshall, the official, said a slimmer business volume would affect both passenger and freight traffic. He made the statement Thursday as the C & O announced 3,000 additional employees would be laid off by the first of the year.

NEW YORK EGGS

New York, Dec. 31 (P)—Wholesale egg prices were lower today, especially for midwestern. Eggs 12-47c.

GERMANY CAN'T HAVE FREE HAND IN RUHR AGAIN

By DEWITT MACKENZIE (AP Foreign Affairs Analyst)

There is an ominous sound in the deep-throated roar of protest from German political leaders over the Ruhr agreement of the Western Allies.

It is disconcertingly reminiscent of the situation after World War I. Then a bitter Germany—defeated physically but not in spirit—fought with set about preparing for World War II.

She wanted revenge—territorial expansion—Deutschland über Alles. In a short score of years she had rearm herself, and she struck.

Keystone of Europe Economy

It was the Ruhr which enabled the Hitlerized Germans to embark on fresh aggression. That great industrial area, built across coal and iron fields, is the heart of the nation's war potential.

But the Ruhr is more than that. It is one of the keystones of European economy. The well-being of the whole continent depends heavily on the fuel and the steel products which pour out of the Ruhr when its mines and factories are working.

Small wonder then that the Ruhr should become a dangerous issue with many angles. Russia's cold war against the Western Allies having forced a division of Germany, the Ruhr lies wholly within the Western zone and so is under jurisdiction of America, Britain and France.

Two Main Problems

The Western powers have two main problems. They must get the Ruhr industries going full blast in order to speed the economic recovery of Europe, including Western Germany, under the Marshall Plan. At the same time they must prevent this potential arsenal from falling under control of Germans who might again try to make war. France—three times attacked by Germany in seventy years—has been insistent on fool-proof safeguards against Germany again becoming a military power.

After much argument, and a good deal of heartburning, it has been tentatively agreed to establish an international authority over the Ruhr. This comprises the United States, Britain, France, Belgium, The Netherlands and Luxembourg. The authority's task will be to supervise the industries and make sure that they don't stray from the paths of peace.

To Be Rehabilitated

As would be expected, Moscow has denounced the agreement, calling it a triumph of American reaction. The Soviet insists on having a voice in the control. Washington diplomatic quarters retort that Russia can have a voice—provided she ceases her cold war.

Under the program of the Western Allies, Western Germany will be rehabilitated and made prosperous again. It will be helped to develop a democratic government.

But never again can the Reich be allowed to acquire the military strength which would permit further aggression. It is going to take time and determination to drive that fact home.

LIBRARY OFFERS NEW SERVICE

In an effort to supply readers with more up-to-date fiction than the present income will allow, the Adams County Free Library association announced today the installation of a rental shelf.

Beginning Monday, January 3, the following books will be available for rental at the library:

A. Takes a Chance," by Gardner; "Three to Make Ready," by Turlington.

Requests for any of these titles may be filed at the desk and will be filled in order of application. Should this type of service prove popular, the library said a wider selection of books will be made available. A minimum fee of ten cents for a three-day period, and five cents for each additional day the book is out, will be charged.

New Orleans, Dec. 31 (P)—A 99 century by Paul Biens of Tulane was the best performance of yesterday's Sugar Bowl track meet, as cinder runners and a chill wind slowed the runners.

SMOG DISASTER WORST OF YEAR IN THIS STATE

Harrisburg, Dec. 31 (AP)—The death of 20 residents of Donora in western Pennsylvania from breathing smog was listed today by the state health department as the disaster of the year in Pennsylvania.

Dr. Norris G. Vaux, state health secretary, said in a year-end report of Commonwealth health conditions that the Donora tragedy last October intensified the fight against pollution of the air by smoke and fume.

Dr. Vaux added that it also has started a movement for control of air pollutants through local ordinance calling for local inspection and regulation.

Best Typhoid Record

Turning to the year's developments on the public health front, Dr. Vaux said health conditions in the state during the past year were generally good.

"There was no serious outbreaks of communicable disease, and although infantile paralysis was somewhat above normal the epidemic was not a severe one for the state," Dr. Vaux said.

It was the best year for typhoid and diphtheria cases in the history of the health department, with vital statistics showing only 159 cases of typhoid compared with 237 in 1947. For diphtheria, 328 cases were listed for 1948 with 11 deaths, as against 537 cases and 33 deaths in the previous year.

May Restore Pay Cut For Corners

Harrisburg, Dec. 31 (AP)—The pay cut given coroners in 12 of the state's 67 counties will be cancelled if State Senator-elect Joseph J. Yosko, of Northampton county, has his way.

Yosko said today he plans to confer with the attorney general's office to determine if there is any way an error made in a 1947 salary raising bill can be corrected by the 1949 general assembly.

"It doesn't seem fair to give all

should eventually eliminate them," Dr. Vaux stated.

Tuberculosis deaths and infant mortality were both lower for the year, but cancer and heart disease rates continued to rise and are still problems, the health secretary said.

Meanwhile, he said Pennsylvania's school health law providing complete medical and dental examinations every two years for children of school age also showed progress. A total of 862,013 pupils were given medical tests in the 1947-48 term and 321,180 have been examined since the current term.

other county officials a 10 per cent raise and then turn around and cut the salaries of coroners," he told a reporter.

The cut was handed the coroners in 12 fourth class counties in a bill designed to raise the salaries of all elected officials. It provided a salary of \$2,200 a year for coroners instead of the \$2,500 previously in effect. The oversight occurred because of the amendment of a previous law fixing the annual pay at \$2,000 instead of the statute that had set it at \$2,500 subsequently. It was discovered after the legislature had adjourned and measure had become law.

Today's Talk

By GEORGE MATTHEW ADAMS
RECREATING HOPE

A line from an inspiring little book I recently read keeps coming back to me. Here it is: "The power of maintaining life in others, lives within each of us, and from each of us does it recede when unused."

For 30 years these brief talks have been typed out on my small, silent machine. There has been formed an intimacy with this machine that I am unable to put into words. It's the audience beyond that has been addressed—you, the reader. And largely that these talks might bring hope, a little comfort, and perhaps increased faith. If they have merely done this, the personal reward shall have been sufficient.

To live triumphantly we must constantly be recreating hope and reinforcing our faith. It is by these that we are spiritually nourished and our physical well-being kept in a healthy state, as well. You recall the statement from the Bible that "man doth not live by bread only."

The physical body needs regular and constant fuel to keep it going. Constant nourishment is essential. Energy must be recreated. It's the same with this hope of ours. Every day it must be recreated and enlarged.

Many years ago, when a boy just out of college, I lived in Chicago, and used to love to go to the old Pacific Garden Mission—a famous institution at that time. It was there that the famous Billy Sunday was converted. And there it was that an inspiring leader and singer, Harry Monroe, brought many a man to the front, where a wonderful old lady, Mrs. Clarke, gave each man a Bible and a word of cheer. Thousands of lives were redeemed and new hope inspired in each. Always it was a wonderful spectacle.

I am no economist or political seer, but if the Marshall Plan or any other plan, can bring renewed hope to the peoples of the world, and help them to get on their feet again, I am for it. The world needs a new baptism of faith, and to learn that right makes might!

Tomorrow Mr. Adams will talk on the subject: "Gratitude."

Sunday School Lesson

THE WORLD IN WHICH JESUS LIVED
By Rev. Howard R. Gold, D.D.
Margaret C. Gold
Galatians 4:4; Luke 2:1-7; 3:1-2; Matthew 22:15-16, 25

Memory selection: When the fullness of time came, God sent forth his Son, Gal. 4:4.

Starting with this lesson we begin a six months' chronological study of the life of Jesus Christ. The outlines are selected from the Gospels, principally from Mark and Luke. Luke's Gospel is accurate, finished in style and form and is the only account which records all of the seven great events in Jesus' life. His birth, baptism, temptation, transfiguration, death, resurrection and ascension. Mark was the companion of Peter and was also associated with Luke in Rome for several years. His Gospel is very vivid and real. Both Matthew and John were companions of Jesus himself so give first-hand accounts.

As background for these lessons we study first "The World in Which Jesus Lived." In a secular sense this would mean the state of the Roman empire during the first forty years of the Christian era. In a religious sense, it means the world of Judaism of the first century as centered in Palestine. Then religion occupied a central place and the Jews had succeeded in isolating it from all foreign influences.

Rulers of Jesus' World
Luke is careful to trace the course of history by dating events in the reigns of the Roman emperors. Augustus Caesar, first emperor and sole master of the Roman world, reigned when Jesus was born. He died in 14 A.D. and was succeeded by his step-son, Tiberius Caesar.

All of Jesus' short life was spent in the small land of Palestine which was a vassal kingdom of the Roman empire. It was ruled first by Herod the Great who died while Joseph, Mary and the Christ Child were in Egypt. His kingdom was then divided among his sons: Herod Antipas, ruled in Galilee and Perea; Philip in the extreme north; Archelaus, who inherited Judea and Samaria, but proved incapable of preserving order, was dethroned by the Romans and a governor was appointed in his place. Pilate served as governor of this province when Jesus was brought to trial.

Roman rule may have brought peace and order but many Palestinian Jews were restless under the foreign yoke. Thus, when Jesus began preaching about the coming of the Kingdom of God, the people welcomed it as a sign of deliverance. This unrest among the masses worried the Romans. They feared open rebellion.

Religious Parties
The leading religious parties at the time were the Pharisees, the Sadducees and the Herodians. The Pharisees were the ones who read and interpreted the Law which regulated all aspects of Jewish life. Their power was centered in the synagogues but they overemphasized outward forms and became self-righteous. These leaders had great authority and influence.

The Sadducees were the families from which the priesthood were drawn. They practically controlled the temple not because of religious zeal or aptitude but because of birth. They were quite willing to compromise with their foreign rulers to preserve their power and wealth. In the Gospel narratives the Sadducees do not appear until Jesus challenges their rule of the temple.

Both Annas and Caiaphas, high priests of Jesus' day, were cold and calculating men. They, in turn, were head of the Sanhedrin, the governing body of Judaism.

The party of the Herodians were

attached to the Herod family and supported their claims to the rule of all Palestine. They had little importance and were merely self-seeking politicians.

Centers of Religious Interest
There were three things that bound the Hebrews closely: the Law, the Temple and the hope of a coming Messiah. The Law was an essential part of their life and it was on questions pertaining to the Law that the Pharisees tried to trap Jesus. But He exposed their insincerity.

Offering sacrifices to God in the Temple at Jerusalem was the crowning act of worship to all devout Jews. Usually they made several pilgrimages each year to the Temple. The Law and the Temple were conservative elements in their religion. The new element, the hope of a Messiah, was more revolutionary in its influence for God would likely sweep away the old system and establish a new order. However, this hope brought comfort to the faithful and made hardships and poverty in the small, but not rich land, more endurable.

The Fullness of Time
These conditions prevailed while the world waited expectantly for the promised Messiah: the nations were firmly united in one empire; great armies had built fine roads; Old Testament writers had prepared the religious soil well; and the Greek language, universally used, was there to make the good news understood by the whole world. Now was the "fulness of time" for God to send forth his Son. The coming of Christ ushered in a new era—the era of the Kingdom of God.

LAST AND FIRST HOUR
Almost side by side they lie;
One to quit this troubled earth
With the older's final sigh,
One to pass the gate of birth.

When the bells of midnight ring,
Quietly the old will leave,
Then with joyous welcoming
All the new year will receive.

Birth and death! The weary old,
Finished all it came to do,
Scarce the bells a dirge have tolled
Ere they're ringing in the new.

At the instant, death and birth,
Worn and feeble, one to die;
One arriving on the earth!
Time forever passing by!

SMOG DISASTER WORST OF YEAR IN THIS STATE

Harrisburg, Dec. 31 (AP)—The death of 20 residents of Donora in western Pennsylvania from breathing smog was listed today by the state health department as the disaster of the year in Pennsylvania.

Dr. Norris G. Vaux, state health secretary, said in a year-end report of Commonwealth health conditions that the Donora tragedy last October intensified the fight against pollution of the air by smoke and fume.

Dr. Vaux added that it also has started a movement for control of air pollutants through local ordinance calling for local inspection and regulation.

Best Typhoid Record

Turning to the year's developments on the public health front, Dr. Vaux said health conditions in the state during the past year were generally good.

"There was no serious outbreaks of communicable disease, and although infantile paralysis was somewhat above normal the epidemic was not a severe one for the state," Dr. Vaux said.

It was the best year for typhoid and diphtheria cases in the history of the health department, with vital statistics showing only 159 cases of typhoid compared with 237 in 1947. For diphtheria, 328 cases were listed for 1948 with 11 deaths, as against 537 cases and 33 deaths in the previous year.

May Restore Pay Cut For Coroners

Harrisburg, Dec. 31 (AP)—The pay cut given coroners in 12 of the state's 67 counties will be cancelled if State Senator-elect Joseph J. Yosko, of Northampton county, has his way.

Yosko said today he plans to confer with the attorney general's office to determine if there is any way an error made in a 1947 salary raising bill can be corrected by the 1949 general assembly.

"It doesn't seem fair to give all should eventually eliminate them," Dr. Vaux stated.

Tuberculosis deaths and infant mortality were both lower for the year, but cancer and heart disease rates continued to rise and are still problems, the health secretary said.

Meanwhile, he said Pennsylvania's school health law providing complete medical and dental examinations every two years for children of school age also showed progress. A total of 862,013 pupils were given medical tests in the 1947-48 term and 321,180 have been examined since the current term.

other county officials a 10 per cent raise and then turn around and cut the salaries of coroners, he told a reporter.

The cut was handed the coroners in 12 fourth class counties in a bill designed to raise the salaries of all elected officials. It provided a salary of \$2,200 a year for coroners instead of the \$2,500 previously in effect. The oversight occurred because of the amendment of a previous law fixing the annual pay at \$2,000 instead of the statute that had set it at \$2,500 subsequently. It was discovered after the legislature had adjourned and measure had become law.
